THREE FORAGERS
BEE CO.

Raw Honey

- Three Foragers raw honey is 100% Canadian harvested in Saskatchewan.
- Raw honey is not pasteurized, filtered or processed, and as such, it retains all the vitamins, pollen, enzymes and nutrients inside the honey.
- This is honey at its most luxurious, foraged from alfalfa, sweet clover and wildflowers.
- Whipped to perfection, Three Foragers has a silky-smooth texture that is perfect as a spread or for dipping your spoon into for cooking and baking.
